

# Training for Excellence

Advanced endoscopic imaging in the G.I. tract

## Advanced endoscopic imaging in the G.I. tract

The i-scan study day: Cutting-edge endoscopy  
July 25th, 2019

Director: Dr. Rehan Haidry

Co-Director: Dr. Edward Seward

**University College Hospital, London**

**Date:**

Thursday, July 25th, 2019

**Invited faculty:**

tba

**Local faculty:**

Prof. Laurence Lovat  
Dr. Matthew Banks  
Dr. Martin Everson  
Dr. Rami Sweis  
Dr. Roser Vega  
Dr. David Graham

**Course Language:**

The course language is English.

**Venue:**

Podium 2 Seminar Room  
University College Hospital,  
London, United Kingdom

Please contact Sabine Ruck at  
Kelcon GmbH to register:  
s.ruck@kelcon.de

**Agenda and schedule:**

- 09:00h** Welcome and Registration
- 09:30h** Introduction and overview on advances in optical endoscopic imaging (Dr. Haidry)
- 09:50h** Video quiz on iPads before training
- 10:10h** Live case 1: BE Surveillance – Best practice with optical chromoscopy
- 10:40h** Enhanced imaging in Barrett’s Oesophagus - what to look for and scientific evidence
- 11:15h** *Coffee*
- 11:25h** Early squamous neoplasia of the oesophagus – what to look for and Magnification endoscopy with i-scan (Dr. Haidry)
- 12:00h** Live case 2: Gastric metaplasia and dysplasia - what and where to look?
- 12:30h** Endoscopic diagnosis of Gastric metaplasia and Neoplasia
- 12:45h** Live case 3: ESCN and magnification endoscopy
- 13:00h** *Lunch*
- 14:00h** Advanced imaging with i-scan in detection of colorectal polyps
- 14:30h** Live case 4: Flat lesions in the colon – what does i-scan OE contribute?
- 15:00h** Computer Aided Endoscopic Diagnosis – What does the future hold? (Dr. Everson)
- 15:20h** Live case 5: SCOPEPILOT with i-scan
- 15:40h** *Coffee*
- 16:00h** Virtual chromoscopy for IBD surveillance (Dr. Vega)
- 16:20h** Live case 6: IBD surveillance with i-scan
- 16:50h** Video quiz feedback and scoring - conclusions and discussions
